gamescom 2017, the world's largest event for computer and video games, opens in Cologne on 22 August and is open to all visitors from 23 to 26 August. Anyone who wants to be there live as the action unfolds needs to hurry because day tickets for private visitors for Thursday at gamescom (24 August 2017) have now also sold out in the online Ticket Shop. The gamescom online Ticket Shop now only has private visitor tickets for Wednesday, 23 August, left. A limited number of allocated tickets (voucher codes) are still available for the public days Wednesday to Friday via the event's official sales partner, Saturn, but here, too, the motto is: only while stocks last. Important: the official sales channels for gamescom admission tickets are limited exclusively to the online Ticket Shop of gamescom (www.gamescom-cologne.com) and selected Saturn outlets.
